Rotary Club of Mukono Central

Dear beloved reader of our magazine,

what a joy to have been the editor/ Public Relations director for not only the installation magazine but for the downtowner for the Rotary year 2024/25. You have continuously amazed us with your support, guidance and words of encouragement. We are better today because of you.

At the beginning of the magic year, I was given the responsibility of releasing a weekly bulletin for our club. In spite of my resolve, nothing prepared me for the sleepless nights filled with doubts, anxieties, unanswered questions, and fears of how each release would be pulled off. For anyone who knows me, failure scares me and perfection is always my goal. I had the echoing of PAG Charles Odaga who assured me I could do it; those encouraging words always rung in my ears as I faced each new week. And what do you know!!! We made it through the Magic year. Thank you PAG Odaga for prepping me for this role.

As we start a new Rotary year, let me celebrate and appreciate the amazing Rotarians who have generously given towards the success of the magazine financially, intellectually and emotionally. Rotarians Emma Mukasa, Esther Nakafu, Angela Nanyonga, Isaac Ssamba, Isaac Sebuliba, Baker Muziige, Jonathan Wangubo, HCP Kafeero Moses and Beatrice Nannozi. Your sacrifice has not been in vain. Thank you Past President Isaiah Ngabirano (Rotaract club of Mukono) for always putting the weekly issues together. Your gentleness in executing duties was a calming factor in the heat of the day. Thank you Rtcr Walter for your photographic services and keeping all our memories. Thank you my fellow PR Lucky Lora Atwiine(Rotary club of Mukono)for your endless guidance and words of wisdom.

Thank you Governors Francisco Semwanga, Rosetti Nabbumba Nayenga , Stephen Mwanje, Xavier Sentamu and Ken Mugisha for your unending words of affirmation, encouragement and support. You will never know how much your kindness meant to me.

We are looking forward to exploring greater heights in service, capturing the transformational moments and impacting generations through our service. I am looking forward to another year of service above self.

Thank you President Carolyn Male for trusting me with this great role, I can say that I am better today because of you and I hope I made you proud.

As I handover to the incoming Editor Rotarian Beatrice Nannozi, I have confidence that the flag for our Club will continue rising higher.

To the incoming President Isaac Ssamba, I pledge to serve tirelessly in making our club greater. With you in the lead, I have no doubt that the sky is the limit for Rotary Club of Mukono Central.

To the many memories we will make together,

To intentional goals set,

To impacting communities,

To unending possibilities,

To greater exploits

And

To an even better year ahead!!!! May we continue to serve above self.

Congratulations to you my friend and incoming President Isaac Ssamba

Message from **DGE Geoffrey Kitakule**

Dear Rotarians and Rotaracters, as we look forward to Rotary year 2025-26, we embrace a timeless concept: unity in our efforts to do good.

In today's fast-paced and often divided world, it's easy to get lost in the noise and feel disconnected. But there's one truth that we can all agree on—when we come together, we have the power to create positive change. As Rotarians, together, we possess the unique ability to inspire change, uplift one another, and create a ripple effect of kindness and compassion in our world.

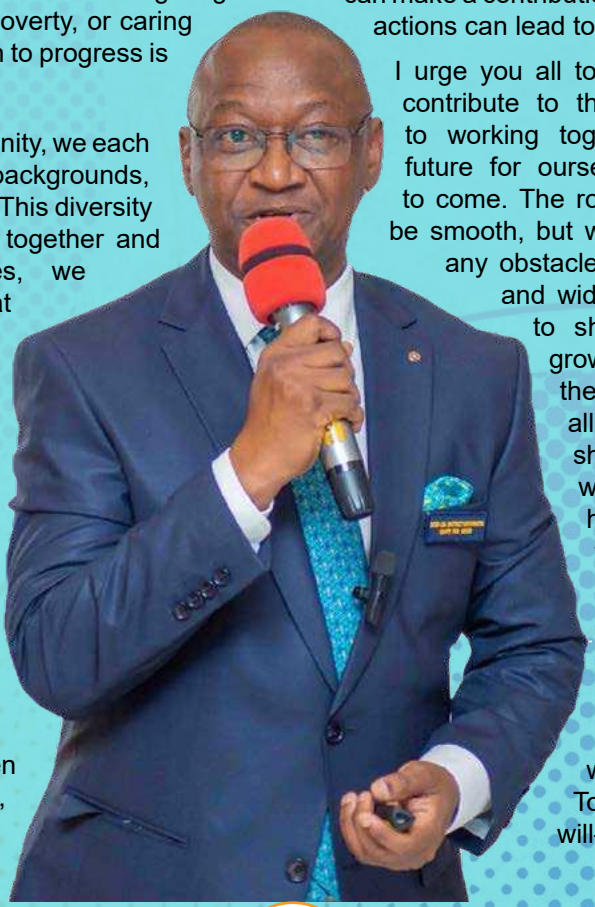

The first key to uniting for good is recognizing that we are all connected by a shared purpose. We want to live in a world where kindness, compassion, and opportunity are accessible to everyone. A world where inequality is challenged, where environmental sustainability is a priority, and where peace and love triumph over conflict and division. This is the vision that can drive us, but it can't be achieved alone. It requires each of us to come together, to contribute our unique talents, perspectives, and ideas. The most significant accomplishments have arisen not from individual efforts but from collective action. When people unite, they become a force that can overcome even the greatest challenges. Whether it's fighting against injustice, reducing poverty, or caring for our environment, the path to progress is paved with unity.

In our diverse Rotary community, we each bring different experiences, backgrounds, vocations and perspectives. This diversity is our strength. By coming together and embracing our differences, we can innovate solutions that make a difference in the communities we serve. Let us remember that when we unite for a common purpose, we amplify our voices, resources and in the process enhance our impact.

Each of us has causes they care about most deeply under our seven areas of focus. Now imagine the possibilities when we join hands—when we share our time, talents, experiences and resources. Together, we can plant trees to avert climate change, run to get rid of cancer in our society, fundraise to save our children from malaria, support our schools to improve basic education, advocate for the vulnerable and promote peace, rally people to donate blood, and promote economic empowerment, enable access to water and improved health for our mothers, and most important save our future generations from Polio. The good we do for others reflects back on us, creating a community where everyone feels valued.

I know that uniting to do good isn't always easy. It requires commitment, forgiveness, empathy, and understanding. We may face obstacles, disagreements, or differing opinions or tribal or religious cultures or even support different football teams for that matter. But it's crucial that we approach these challenges with open hearts and minds. By engaging in constructive engagements and seeking common ground, to create long lasting partnerships.

Let us also not forget the power of small actions. Every kind word, every helping hand, every shilling donated to the foundation can spark positivity and hope. You don't have to wait for a grand event or significant moment to take action. Each one of us can make a contribution and together, those small actions can lead to extraordinary outcomes.

I urge you all to think about how you can contribute to this cause. Let us commit to working together to create a better future for ourselves and for generations to come. The road ahead may not always be smooth, but with unity, we can navigate any obstacle and spread goodness far and wide. And let us invite others to share in this goodness to grow our membership for it's the foundation that starts it all. With more members we shall together create a world where kindness prevails over hate, where understanding triumphs ignorance, and where our communities will thrive.

So, let us unite for good. Let's put aside what separates us and focus on what can bring us together. Together we can—and we will—make a difference.

Rotary Club of Mukono Central

Outgoing **Asst. Governor speech Kampala area 20**

It has been both an honor and privilege for me to be the Assistant Governor of RC Mukono Central especially because I accompanied it while it took its baby steps about 10yrs ago at Jobia hotel. This club has since continued to be my Monday go-to club.

Thank you President Carol Male for having accepted to lead us through the magical year of service and Congratulations PE Samba Isaac upon having ascended to the highest office of club service! It looks like yesterday when we were preparing for the activities of the magic year 2024/2025 starting with the retreat at Star Gardens that clearly explained the responsibilities of all club officers, the goals and work plan were all geared towards us having a powerful take over and smooth landing. I am glad to have presented opportunities for partnerships with mother club and sister clubs of Kampala Area 20 in maternal and child health care, blood donation, environment protection with a keen focus on balancing continuity with change as per the guidelines of our Magic DG Anne and RI president Stephanie Urchick.

Thank you president carol and members for the water harvesting project which saw RC Mukono Central with your guidance donate 18 water tanks to 18 homes of needy elderly persons in kikandwa Village. Listening to the beneficiaries, I was convinced that Rotary really touches lives.

I have clearly observed how at the start of each Rotary year, our clubs set nice goals with the best of intentions to achieve them. But along the way, life happens and often times we do not achieve as much as we had hoped for. In his popular book “Atomic Habits” James Clear notes that: “new goals do not deliver new results.

Rather, it is new practices and lifestyles. Success is not solely determined by our goals, but by the systems and habits we develop. As James Clear aptly puts it, “Goals are good for setting a direction, but systems are best for making consistent progress necessary for success.”

Dear President Isaac Samba, the Rotary International theme for 2025-2026 “Unite for Good” embodies a lot for us to digest because it emphasizes the power of collective action and the importance of human connections in accomplishing our mandate as Rotarians. Without unity, everything becomes heavy. Musonius Rufus wisely stated, “If you accomplish something good with hard work, the labor passes quickly, but the good endures.” It follows rightly that to build a resilient club capable of delivering and enduring all, we must be prepared to give members a beautiful Rotary experience. With your commitment, passion and positivity the sky will be the limit for RC Mukono Central.

To President Carol, I sincerely thank you for dedicating your time, resources, and expertise to Rotary leadership during your year of service, with the support of outgoing Assistant Governor Cynthia. May God reward your efforts with numerous successes and blessings beyond your tenure through this year and beyond.

To you all colleagues, members of this esteemed club, congratulations on the installation of your 10th President. Ten years of dedicated service to humanity is a remarkable milestone —please continue this noble work for many more years to come. Let us unite and work together under District Governor's stewardship to achieve these goals.

PRESIDENT - ELECT INSTALLATION SPEECH

District Governor Rtn. Geoffrey Kitakule (GK),

Past District Governors,

Assistant Governors,

Past Assistant Governors,

Invited Guests and friends,

My family, Sandie, Happiness, Jayden, Eckhart and Rycker,

Honorary Members and Members of our Club.

Thank you for being here tonight for this installation ceremony. It is indeed a very great Honour for me to be standing here in front of you as the 10th president of the Rotary Club of Mukono Central.

I would like take this opportunity to thank the outgoing President Rtn. Caroline Male for her inspiration leadership. As the motto of rotary is "service above self". Men and women of different professions join hands, dedicating themselves to improve the condition of the community in which they live.

Our club has been built on a strong leadership foundation of 9 presidents and I am fortunate to be the 10th president of this club. Our club has a membership that is fully committed to the Rotary ideal of Service above Self, and continues to go the extra mile in building the club, and carrying out the many worthwhile projects that we undertake for the benefit of our community.

Our club has so many amazing life changing projects within our community here in Mukono and across the borders of Mukono district.

My vision for our club in the upcoming year is 4-fold:

- **Club Projects**
- **Club Membership**
- **The Rotary Foundation (TRF)**
- **Club Visibility & Vibrancy – connecting with community**

Firstly, I would like to continue with the work that was started by Past Presidents like the Rain Water Harvesting System and the Seeta Nazigo Health Centre III Maternity Shade.

We will increase our presence in the community and this will help us in increasing our membership. We will do so in a way that continues to foster the incredible meetings/ fellowship we have in this club.

To increase our presence and increase membership we shall look into having a Rotary Club of Mukono Central Day (RCMC Day) to create more awareness about our service and existence in society.

We will continue to harnessing the power of social media including our website, Facebook, X (formally twitter) as well as add other social media as recommended by Rotary International.

We hope to increase our presence in the local media as well increase the reach of our Downtowner weekly bulletin and to this end I will share with the board the process I have started toward this.

Our club is widely known for its lively meetings/ fellowships and kimeeza and we hold proof that we are a vibe-loving club and the most vibrant club along the Jinja road corridor. We shall endeavour to keep the vibe and lively meetings, in our club projects, and our fellowship events.

As a club, I would like to steer it to focus on supporting more and giving more towards The Rotary Foundation. As someone who has spent all my adult working life empowering vulnerable communities, I truly understand the value of the Rotary Foundation and supporting the foundation is very dear to me. Let us in our small way support the TRF Cause.

To this end I would like to dedicate my year to working with our club toward implementing sustainable life-changing projects, increase our membership and reach, increasing our club visibility and vibrancy but more important give all we can towards the Rotary Foundation.

I would like us to revisit our club goal for funds for TRF, to consider increasing it and even surpassing it. To start this, I would like jump start this process by giving Treasurer Stella Nanyonjo a cheque of USD$1000 towards it.

I would also like to thank the members of the Board for your ongoing support that so many of you have personally shared with me.

With the help and support of this amazing board and fellow Club members, I will do my best to meet the challenge and deliver.

Let me take this opportunity to introduce the team and if I mention your name, please come out:

FROM INCEPTION TO IMPACT:
BUILDING MUKONO CENTRAL TOGETHER

As I come to the end of my 2-year tenure as the Charter President of the Rotaract Club of Mukono Central, I am filled with deep gratitude, pride and hope. The journey that began with a vision of service, leadership, and impact has grown into a legacy that I will forever cherish.

Leading the club for the past two years has been both an honor and a profound learning experience. From laying the foundation of the club to witnessing it grow into a vibrant family of passionate young leaders; every moment has been a milestone. Together we turned ideas into action and challenges into opportunities.

Some of our most memorable achievements include [Launching our signature project at Destiny Community School in Bugoye, retaining members from the time of charter]. I take pride in the impactful projects we carried out- from our first project at Johnson Memorial Primary School in Lukojjo which was tree planting with the Rotaract Club of Buganda Royal, initiating the start of an interact club at Agape Christian School in Kyungu, having a car wash fundraising event, paying a visit to Good Samaritan home of the inclusive in Nasuuti to the signature project [taking scholastic material to Destiny Community School] that made a lasting difference in our community.

Our joint fellowships and collaborations with other Rotaract and Rotary Clubs have not only strengthened our network but have also deepened our understanding of service beyond borders. These moments of unity and shared purpose will always remain special. I would like to extend my heartfelt appreciation to everyone who believed in our vision and stood by us from the beginning-our sponsoring Rotary Club, mentors, partners, and most importantly our dedicated members. Your unwavering support and commitment have been the pillars of our success.

As I pass on the leadership baton, I warmly welcome the incoming President Martin Ssentamu. I am very confident that under your leadership, the club will reach even greater heights. May your journey be one of the innovation, unity, and impactful service.

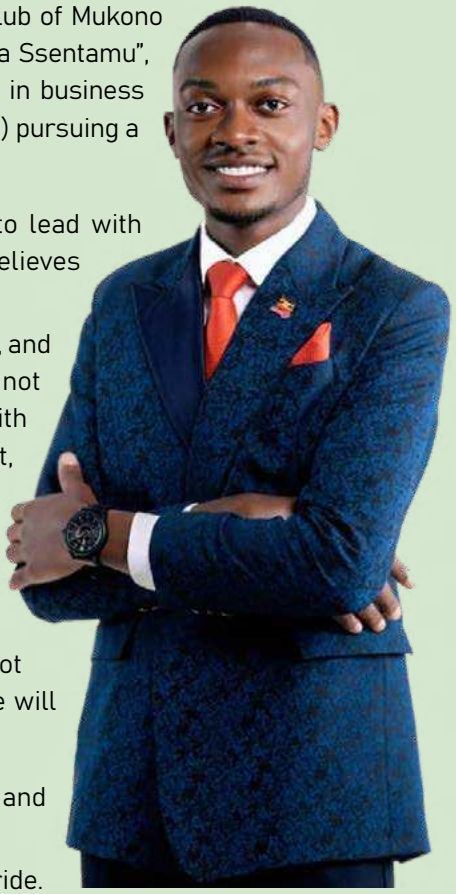

Rotaract Club of Mukono Central is just getting started. The future is bright and together, we move forward to creating lasting change.
